Dear Teggy;

As I have already told you on the phone, "A Fine and Pleasant Misery" was a huge success here in Gillette. Tim's show was really enjoyed by such a wide variety of people and having Pat here was the frosting.

The Library Foundation, Inc. would like to host the sequel. Tim mentioned that he would travel to Salt Lake in the next year and that it might be possible to book the show during that time. When you are putting the schedule together, please contact us. The Heritage Center is being reserved at least a year in advance for some events, so the sooner I know some dates, the better chance we will have for getting the date we want. We could be a part of a state wide tour again, or with some different arrangements, book the show just for Gillette.

Thank you for all your work in getting everything together, providing materials and keeping us informed. I'm looking forward to hearing from you.

Sincerely,

  
Marcia Wright
