Dear Tim:

Just a note to thank you on behalf of everyone at Telect for your very fine performance at the Coeur d'Alene Resort last night. You had everyone's undivided attention with you wonderful story telling. I heard many people say that they couldn't remember the last time they laugh so much, and most of all, it was good clean family entertainment. Your talent is second to none and your performance was the highlight of our day. Continued best wishes and successes in your future performances.

Sincerely,

Bill Williams, Jr.
